INTERNSHIPS

Salesforce | November 2023 - December 2023

- Completed the Salesforce Developer Virtual Internship by Salesforce, gaining hands-on experience in CRM development, Apex programming, and Lightning Web Components (LWC). Learned to customize Salesforce applications, automate workflows, manage data security, and integrate APIs. Worked on Apex triggers, Visualforce pages, and process automation to enhance platform functionality. Developed expertise in database management, debugging, and UI customization using Lightning components. This internship strengthened my ability to build scalable Salesforce solutions, preparing me for real-world CRM development roles. The experience provided a strong foundation in Salesforce best practices and enterprise application development.

Wadhvani Foundation | October 2023 - December 2023

- Completed the Employability Skills Foundation Program by Wadhvani Foundation, gaining key workplace skills to enhance career readiness. The program focused on communication, problem-solving, time management, teamwork, and professional development. Learned to improve verbal and written communication, manage tasks efficiently, and collaborate effectively in a team. Developed critical thinking and adaptability to handle workplace challenges. The course also covered resume building, interview preparation, and workplace ethics, ensuring job readiness. This program has strengthened my ability to excel in a professional environment, improving both technical and soft skills essential for career growth.

United Nations Children's Fund (UNICEF) | October 2023 - December 2023

- Completed the Financial Literacy Program by YuWaah Generation Unlimited, gaining essential knowledge in budgeting, saving, investing, and financial planning. Learned to track expenses, set financial goals, and manage money efficiently. The course covered digital banking, UPI payments, credit scores, and responsible borrowing, ensuring a strong foundation in personal finance. Developed skills in wealth-building strategies, loan management, and secure online transactions. This program has improved my financial decision-making, helping me plan for a stable and secure future.

NIIT Foundation (NF) | June 2023 - August 2023

- Completed the Digital Productivity course at NIIT, enhancing my efficiency in a digital workspace. Learned to use productivity tools like MS Office, Google Workspace, and collaboration platforms. Gained skills in time management, workflow automation, data security, and remote collaboration. The course emphasized streamlining tasks, optimizing digital data, and improving communication in professional environments. By mastering these tools and techniques, I can work more efficiently, automate repetitive processes, and enhance teamwork. This certification strengthens my ability to adapt to modern work environments and boosts my overall productivity.
